## Employment Of Attorney Before Board

Contract With R. C. Wygant Presented and Referred To Baker

New Estimates Are Presented by Engineer Gierlich on Central

Employment of Robert C. Wygant as special attorney for the Central Avenue Improvement project came up before the city council in regular session Tuesday afternoon with introduction by Councilman Isaacs of a resolution of appointment. The resolution was seconded by Councilman Be-lahavek.

Under the terms of the resolution Mr. Wygant was to be employed on the basis of three per cent of the contract price of the improvement work, with expenses as specified in a memorandum of agreement to which reference was made.

City Attorney Baker pointed out that no contract had been entered into by the council and the resolution as it stood would be of no force. Councilman Isaacs then handed over the contract, which was read. The portion referring to the compensation of Mr. Wygant was as follows:

The said city will pay and the said attorney hereby agrees to accept as compensation for such work an amount equal to three per cent of the contract price of the improvement covered.

Alternate: Or in the event that the proceedings for the opening, extension or widening and improvement of the said Central Avenue, as above mentioned, are abandoned without fault on the part of the attorney, then he shall be paid for services rendered up to the time of such abandonment as follows:

For each consultation with the city council, public hearing, engineers or appraisers, \$50 per day. For each day, or part thereof, necessarily spent in the preparation of pleadings, and preparation for presentation of the proceedings in court, and for each appearance in court and before the referees, \$100 per day.

In any event, all traveling or hotel expenses, and actual cost of supplies and materials furnished in connection with the performance of legal services or other services rendered by the party of the second part, relating to said proceedings, to be paid by the party of the first part. The compensation of the attorney for any work performed or services rendered shall be due and payable as follows:

Fifty per cent within ten days after the deposit of any money in the city treasury by the county, court, contractor or from the sale of acquisition bonds for such acquisition and improvement, or incidental expenses pertaining thereto.

Twenty-five per cent upon the signing of the contract for construction of the improvement. The remaining twenty-five per cent within thirty days after the acquisition and improvement have been completed.

Attorney Baker then asked if his opinion was really wanted in the matter, and all members of the board assured him that it was. He then expressed an opinion unfavorable to that portion of the contract providing for per diem payments to Mr. Wygant in the event the proceedings are dropped. He said he believed it was contrary to the terms of the Mat-ton Act. However, he said he would like more time to go into the matter thoroughly, and agreed to bring in a written opinion at the next meeting of the board, a special session being called for next Tuesday.

Special Engineer H. S. Gierlich filed with the board copies of a letter and report concerning estimates on improvement of East Central Avenue under terms laid down by the Central Avenue Property Owners' Association. As these came in at the close of the meeting, the copies were distributed to members and there was no discussion of the figures.

Application of W. E. Deutsch for a permit to open and operate a pool room in the Kersting garage building at Central Avenue and Windsor Lane was referred to committee of the whole for consideration.

## Charles E. Askew Weds Wednesday In Los Angeles

The wedding of Miss Freeda Irene Cole and Charles E. Askew took place Wednesday night at the home of the bride's parents, Mr. and Mrs. Elmer L. Cole, 1840 East 63rd Street, Los Angeles. The ceremony was performed in the presence of a company of relatives and friends by the Rev. Dr. Blair of Los Angeles.

The groom is well known in Sierra Madre, having been a resident here for several years and one of the proprietors of the Sierra Madre Transfe company. After a short wedding trip Mr. and Mrs. Askew will be at home to their friends at 23 South Lima Street.

A baby daughter arrived Thursday night at the home of Mr. and Mrs. Donald Thaper, 435 N. Grove Street, to make it a real Thanksgiving occasion.

## Bazaar Will Be First In Social Hall

Annual Event of Congregational Women Next Friday

First of the holiday bazaars which have for many years been a fixture of the Christmas season in Sierra Madre will be held on Friday, December 7, in the social hall of the Congregational church. The opportunity for visiting during the day, doing holiday shopping under pleasant circumstances, enjoying a good meal, and a fine evening entertainment, will undoubtedly attract a large attendance.

The Congregational women are for the first time holding their annual bazaar in the commodious quarters of the new church building. The social hall is admirably suited to the purpose, especially with the facilities for serving the dinner. Because they can accommodate more people than ever before, the women promise the biggest and best bazaar in their history.

The sale of fancy goods, cooked foods, dolls, handkerchiefs, etc., will open at 10 o'clock. The entrance to this part of the building is on the Hermosa Street side. Dinner will be served at 6:30. After the dinner a genuine treat is promised in an address by Dr. L. Lincoln Wirt. He is an exceptional speaker, having made a tremendous hit even among the breakfast Club at Arcadia. He is secretary of the National Committee for the prevention of war. His address will be timely because of the present status of the peace treaties.

## Woman's Club to Spread Cheer at Sawtelle Hospital

Mrs. Philip Senour, chairman of cooperation with war veterans, made a plea for all members to come forward and help fill the boxes for the veterans' Christmas and also for donations of either gifts or money. Food stuffs are not solicited. On December 20, at Mrs. Senour's home, the packing of these boxes will take place and all club members are invited to assist. Watch the December program. Donations to this very worthy cause may be given to any of the following committee members: Mrs. P. Senour, Mrs. J. N. Hawks, Mrs. Frank Barbour, Mrs. J. F. Sadler and Mrs. G. I. Farman.

voted to discontinue the services of the summer fire guard maintained on a cooperative basis with county aid.

Application of Phillip C. Carter for installation of a drain pipe to prevent erosion by overflow from the Auburn Avenue reservoir was referred to the water committee.

Councilman Blakeslee reported the planning commission had sanctioned removal of trees standing in the street on Park Avenue near Central and at the corner of Lima and Ramona. This was ordered done.

## Ballots for Primary Are Due Tonight

Chamber of Commerce Election Now in Progress Among Members

Names of Nominees Will be Placed on Final Ballots Next Week

Primary ballots for the election of officers of the Sierra Madre chamber of commerce were sent out early in the week. Voting on the primary election will close at 8 o'clock tonight. Ballots must be deposited in the office of the chamber of commerce by that time to be counted in the primary election.

All members on the roll of the chamber of commerce are included on the list of names submitted on the primary ballots. Five directors are to be chosen, and members are requested to place a check mark after that number of names.

Final election will take place after the primary ballots have been counted. The ten names receiving the highest number of votes will be submitted, on the ballots, from which five will be elected.

Five directors hold over for the ensuing year, and these obviously should not be voted for at the primary election. These are R. C. Copenhaver, W. E. Pratt, Ray A. Grant, J. L. Woehler and O. E. Emley.

The five retiring directors are President J. M. Campbell, Woodson F. Jones, Walter E. Poelker, Tom Tyler and E. A. Anderson. The officers of the chamber are chosen by the board of directors after the annual election.

## Colonial Program At the Woman's Club Pleases

From the opening number of the afternoon program, Wednesday, Nov. 28, to the closing of the tea, members of the Sierra Madre Woman's Club lived in an atmosphere of colonial dames and Pillgrims. Ida Selby Donnell and Elizabeth Carol Swan, concert pianist and mezzo-soprano, presented a most delightful program in Elizabethan costume, which included groups of songs from old English, Irish, French, Italian and Spanish song literature. Mrs. Donnell's program consisted of numbers from Bach, Scarlatti, Beethoven, Gluck, Mozart and Grainger. The Spanish group of songs, sung by Mrs. Swan, made a lasting impression.

Each artist prefaced her numbers with informal explanatory remarks about the composers and authors and the historical settings of the various compositions.

Mrs. C. A. Greese, gave another of her lovely teas at the close of the entertainment, in the tea room, carrying out the Thanksgiving and Pilgrim idea. Dr. May Laidlaw and Mrs. George Lehner poured tea, assisted by Mrs. L. M. Anderson, Mrs. W. E. Pratt and Mrs. J. M. Campbell, each gowned in a quaint Pilgrim costume. Mrs. Fank Barbour, in costume also, greeted the guests at the door.

John and Priscilla Alden, old-fashioned wooden candle holders, and a miniature spinning wheel that had been Mother Osmond's, graced the table as decorations.

At the business session the matter of the Wistaria Fete, after a discussion and report from the committee, action to be taken later.

Dr. Marie A. Everett has recently had as dinner guests Mr. and Mrs. Fred Dobson of Detroit, Mr. and Mrs. J. S. Fielding and daughter Myrtle, of Oakland, Mr. and Mrs. Speck of Los Angeles, Mr. J. J. McLaughlin, mining engineer, of Santa Barbara, Mrs. Henry Bifield, Mrs. Strike and Mr. Herbert Winter of Los Angeles, Mrs. DeForest and Mrs. Hurst of Los Angeles. Mr. and Mrs. Dobson recently arrived in Santa Ana after a motor tour of several months from their home in Detroit, and will probably locate in Southern California.

Mr. and Mrs. James Farndale have returned to Sierra Madre after spending most of the year on their ranch.

## FIREMEN WILL PROVIDE ANNUAL TREAT FOR THE CHILDREN

Picture a long line of happy, smiling children, gathered in the city park to enjoy the annual Christmas tree and treat given by the Volunteer Firemen of this city. The event has become a happy tradition in Sierra Madre, and most of the residents of the community are eager to do their share in the event. Funds for the "party" will be raised thru the medium of a public dance, given at the Woman's Club Saturday evening, December 22, and tickets will be on sale beginning tomorrow. All members of the firemen's organization will have tickets for sale.

Buy yours early and do your share in making the kiddies happy.

## Float Will Be Financed By the City

Appropriation of \$200.00 Is Voted by Council Members

Request for Funds is Made by W. R. Humphries for Committee

Sierra Madre's float in the Tournament of Roses parade is of sufficient benefit to the city as a whole to justify payment of the expense out of municipal funds. That was the conclusion arrived at by the city council Tuesday afternoon when W. R. Humphries had put the matter before the council on behalf of the float committee. The sum of \$200 was voted, to be paid from the promotion fund.

Mr. Humphries reviewed the difficulties of past years when the float committee not only had to do all the work, but had to go out and solicit funds in small amounts to meet the expense. He pointed out the widespread advertising value to the community of being well represented in the New Year's Day parade, and named the capable list of committee heads who have been enrolled this year to plan and construct the float.

Mrs. Emil Sturmtal seconded the request of Mr. Humphries. Mayor Lawless remarked it would not be good policy to establish a precedent of granting every request for funds in full, but agreed that this enterprise was without a parallel in its merit for giving publicity to Sierra Madre, and when a vote was called for on a motion by Councilman Myers, the action was unanimous.

## Mrs. Hayes Passes Away at Home of Daughter Here

Mrs. Permelia E. Hayes, mother of Mrs. Fred Staff, passed away at the Staff home, 40 South Hermosa, on Saturday. She was 84 years of age and a native of Cape Vincent, N. Y. She had been in failing health and the end had been expected for some time. Mrs. Hayes first came to Sierra Madre to reside at her daughter's home about twelve years ago, and all who know her admired her for her keen mind and fine spirit.

Simple services were conducted Sunday afternoon in the Ray A. Grant chapel by Rev. A. O. Pritchard of the Congregational Church. Mrs. Staff left Sunday night to take the body to Boise, Idaho, where Mrs. Hayes has a surviving son, and where interment was to take place in the family plot.

Finding a pearl in an oyster is one of the things you read about but seldom experience. However, that is what fell to the lot of Mrs. Mary Winemiller, who resides with her niece, Miss Eyster, at 197 Auburn Avenue. While eating oysters in the course of their evening meal on Monday, Mrs. Winemiller felt something hard in her mouth, which proved to be a white pellet a little larger than a BB shot. Next day the ladies took it to Henry Greger, the jeweler, who pronounced it a genuine pearl in need only of a little polishing to make it a thing of beauty.

## Fathers and Sons Gather For Banquet

P. T. A. Sponsors Splendid Event at Woodrow Wilson Junior High

Interesting Program is Given By the Boys and Their Fathers

Fathers and sons gathered for a wonderful celebration down at Woodrow Wilson junior high school Saturday night. The affair took the form of a banquet, sponsored and arranged by the Parent-Teacher Association.

Dinner was served in the cafeteria building and the usual atmosphere of the place was changed entirely with the beautiful decorations and charmingly appointed tables. The school colors, blue and gold, were used in the profusion of flowers.

Mrs. P. W. Senour, president of the Parent-Teacher Association, and Mrs. F. H. Disbrow, special chairman for the occasion, were in charge of the association work. School girls waited on the tables. The program was in general charge of Principal Arthur M. Brown, who introduced the toastmaster, Leroy McBurney, president of the student body.

Richard Whittall extended the welcome of the boys to their dads, and appropriate response was given by F. C. McMillan. Edward Lowell played a trumpet solo, and William Cummings, director of athletics, sang a group of songs with accompaniment by Mrs. Cummings. Dr. John Painter gave a splendid address on the American Legion.

## Sons and Daughters Of St. George In Annual Meeting

The Royal British Society of Sierra Madre has been invited to attend a joint meeting of the Sons of St. George and Daughters of St. George in a body on the evening of Thursday, December 13, at the I.O.O.F. hall, corner of Garfield and Union Streets, Pasadena. All members and friends who met with them last winter in the social hall of the parish house of the Church of the Ascension, during the pastorate of Rev. H. B. Moore, are invited to attend. Rev. Moore took a lively interest in all the meetings and by his educational and musical attainments added much to the enjoyment of those born under the Union Jack of England, who have sought this country as the land of their adoption.

The Sons and Daughters of St. George are fraternal organizations international in scope and it would be difficult to find a country where there is not a lodge of St. George within easy reach. The organization teaches the importance of fraternal brotherhood, and that the whole human race is bound together by endearing ties. God's Fatherhood and man's brotherhood are held sacred. The Great Creator is the common Father of all. Hence we are brothers, and as such we should care for each other's welfare.

All who desire to attend the meeting can make arrangements thru George G. Ogg at 149 North Mountain Trail, phone Black 122, or send a card saying how many, and whether they desire transportation or can furnish transportation for others.

Miss Bird Dell Bundy, who has had charge of schools of expression in eastern colleges, in Seattle and in Los Angeles, is inaugurating a new kind of work in dramatics for Sierra Madre children. "Playmakers" is the enticing title of the group which has been organized. A meeting with parents was held on Wednesday in the studio of Miss Ella Shepard Bush who will be hostess to the Play-makers.

Mr. and Mrs. M. E. Churchill entertained at Thanksgiving dinner Mr. M. J. Baxter of Long Beach and Mr. and Mrs. Frank E. Gibson and Everett Gibson of Marlborough Terrace. Mr. Baxter is one of the champion quail players of Southern California.

## Missionary Will Talk to Ladies of Bethany Church

The Women's Missionary Society of Bethany Church will meet Tuesday, December 4, beginning at 10:30 in the morning. The afternoon speaker will be Mrs. Charles E. Cowman, a returned missionary from Japan and Korea. Mrs. Cowman, is a talented woman and a very forceful speaker. She will have many interesting things to tell about her work on the mission field.

During the morning session Mrs. Samuel Sea will have charge of the current events. Mrs. Richard Jensen will lead the devotions and a number of the other women will give short devotional talks. Luncheon will be served at noon, and a business meeting and the annual election of officers will be held at 1:15, followed at 2 o'clock by the message of the afternoon.

All are urged to come and enjoy the fellowship of this meeting.

## Kiwanians Told About Convention

Pat Ronan of Monrovia Club Relates Happenings at Sacramento

Pat Ronan, past president of the Monrovia Kiwanis Club, was the speaker at Tuesday's luncheon meeting of the Sierra Madre Club. Inasmuch as Sierra Madre had no delegates to the recent California-Nevada district convention in Sacramento, Mr. Ronan was invited to give the local Kiwanians his version of the things that happened there.

Reviewing the high spots of the convention, Mr. Ronan managed to convey an excellent impression of the spirit of the meetings. He reviewed briefly the most important addresses and discussions, with particular reference to problems of the smaller clubs. It was very generally agreed, he said, that the smaller communities afford the best opportunities for putting the ideals of Kiwanis into practical effect.

President Tack Webster made program announcements for several weeks ahead. Then Ray Grant, president elect, pointed out that Christmas and New Year's Day fall on Tuesdays. So at the invitation of visiting Kiwanians it was voted to hold the Christmas week meeting with the Alhambra Club on Wednesday and the New Year's week meeting with the Monrovia Club on Thursday. Plans were also initiated for a ladies' night with installation of the new officers early in January.

## Dinner Precedes Stated Meeting Of the Masons

Annual election of officers of the Masonic lodge will take place at the December stated meeting which will be held next Tuesday night. As has been a custom for several years, the meeting will be preceded by a dinner to be served by Billie Murphy. Other important business is also to come before the lodge for decision at this time and C. L. Twycross, master, is anxious that a large attendance be present.

## MARKETING SUBJECT BEFORE WOMAN'S CLUB

The Current Events Public Welfare section of the Sierra Madre Woman's Club met from 11 to 2 o'clock, the members enjoying a picnic luncheon, with coffee, at noon. Editorial reviews on post-election high lights were given by Mrs. E. T. Dunning, and an informal discussion of future programs occupied the luncheon hour. At 1 o'clock Mrs. A. A. Halsey, as chairman, introduced the subject of cooperative marketing to the group. A review of President Coolidge's speech before the National Grange on Nov. 16, was given and the various exchanges listed, 35 known to date. So much interest was manifest and as this topic is vital to everyone, Mrs. W. J. Lawless asked Mrs. Halsey to present the program again before the regular session of the club. Mrs. Halsey intended this meeting to be merely an introduction to the subject and will secure speakers for later meetings.

## Many Names Yet Needed By Red Cross

Membership Quota is Short About 250 Names This Year

Volunteers Needed to Keep Record Clear for Sierra Madre

Just about 250 names are needed to bring Sierra Madre up to the quota of Red Cross membership this year. Sierra Madre has never yet fallen down on a Red Cross quota and 750 is the same number which was reached last year.

Substantial addition to the list was made during the past week. On Saturday the Girl Reserves, under the direction of Miss Sarah Schwartz, maintained a desk in front of the bank and enrolled considerably more than 100 members. Mrs. Genevieve Rarig and Mrs. W. C. Gruit have also helped Chairman W. R. Humphries during the week with volunteer office work.

In the rush of Thanksgiving activities, and the prevalence of flu, a great handicap has been put upon the roll call this year. This makes it increasingly necessary for citizens to come in with volunteer enrollments. While the roll call period officially ends with Thanksgiving Day, it is not too late to do your part to redeem Sierra Madre's record for meeting all Red Cross calls.

The following members have been enrolled since the last list was published, all classes being listed together:

Mrs. Bettie Linebaugh, Alice K. Haig, Zayda F. Leonard, Mrs. H. O. Smith, M. W. Linebaugh, Patricia Smith, H. O. Smith, Horace Smith, Jr., Miss Evelyn O. ## New Subject To Open at U.S.C. Soon

University of International Relations to Fill Vital Need

Formal opening of the Los Angeles University of International Relations will take place at the final session of the Institute of International Relations to be held December 9th to 14th at Riverside Mission Inn and the University of Southern California, according to announcement of Dr. R. B. VonKleinSmid, chancellor.

"The purpose of the new Los Angeles University of International Relations (affiliated with the University of Southern California) is to furnish opportunities for the training of statesmen for consular and diplomatic service, of business men for world commerce and foreign trade, and of instructors for departments related to international affairs in colleges and universities," states Dr. von KleinSmid. "It further aims through the Institute of International Relations held annually, and thru other media such as exchange professorships, scholarships, fellowships, special lecturers, and publications, to advance the cause of world peace by supplying facilities for accurate, scientific knowledge of world affairs."

The opening of the new Los Angeles University of International Relations will be in connection with the celebration of the signing of the Kellogg Peace Pact, condemning recourse to war for the solution of international controversies, which will be a feature topic of the institute to be held next month.

## Pardon Me, But—

—by—  
The Baseball Nut

The left-field foul line was extended and properly marked. The spectators were removed from the players' bench with the exception of one dyed-in-the-wool fan who evidently believes this vantage point offers better advantages than the seats provided behind screened protection. The umpires were switched. Still the State Street Transfers won the ball game. Until the start of the seventh inning it was anybody's game, but at this point West wobbled, his mates became unsteady and three errors, two bases on balls and two hits paved the way to the Merchants' downfall.

At that, if Catcher Lama had not got his wires crossed by pulling Irwin off second, who, by the way was Manager Scott's second pitcher, it MIGHT have been different. At it was, Mr. Scott was busy passing the hat when the switch was made and after Irwin's removal he could not be again placed in the line-up. West pitched an acceptable game, but with eight errors behind him, the defeat was inevitable.

Speaking about dyed-in-the-wool fans, here's one for you. Sunday morning, while a few of the boys were massaging the diamond in preparation for the afternoon game a car pulled alongside the curb and the driver beckoned Freddy Lalone to come hither. Upon his arrival the driver tendered Freddy a \$5 certificate of the United States Treasury, saying, "Here, take this for the ball team." Of course Freddy was flabbergasted but he retained enuf presence of mind to inquire of the d-i-t-w-f what the donor's name might be. The reply came, "Oh, just say that Jimmie of Pasadena gave it to you."

How's that for a real B.B. Fan? The score and line-ups:

## Interesting News Notes from Sierra Madre Canyon

The Romans, losers in a contest for membership in the Young People's department of the Hartzell Memorial M. E. Church in Pasadena, entertained the victorious Greeks in the Canyon Club house on Friday evening of last week. About sixty members of the department, classes of Mr. and Mrs. C. L. Virgin, were present. Games and music, which furnished the evening's entertainment, were in charge of Miss Hazel Bartley, president of the department. Mrs. George Bartley and Mrs. Virgin served hot chocolate, doughnuts and apples late in the evening and guests enjoyed popping corn and toasting marshmallows over the coals in the open fire place.

Last week, while climbing a hill near his home on Brookside Lane, D. A. Hawk fell and dislocated his shoulder. His many friends will be pleased to learn that his condition is much improved this week.

Mr. and Mrs. Robert McCartney were dinner guests of Miss Elizabeth Mason in Pasadena on Saturday evening. The McCartneys spent Thanksgiving Day in El Segundo, guests of Mr. McCartney's cousins, Mr. and Mrs. Harold Schofield.

Mr. and Mrs. L. A. Heywood and daughter of Hollywood, are occupying their cottage on Brookside Lane for a few weeks.

Theodore S. Kearns and Joseph A. Phillips, who have been occupying a flat in Halcyon Villa for the past month, moved on Tuesday to Mrs. George D. Johnstone's Blue Bird cottage where they expect to remain for the winter.

Mr. and Mrs. Jack Griffin and daughter Mildred of Los Angeles and Mrs. Kathleen Long and daughter Eileen of Long Beach were guests of B. C. Maxwell

over the week end. Mrs. Long and a couple of her friends were also guests of Mr. Maxwell on Thanksgiving Day.

Mr. and Mrs. L. B. Straw of Long Beach spent Monday until Wednesday at the Canyon Store, guests of W. F. Straw. The Straw family celebrated with a Thanksgiving turkey on Wednesday.

Mr. and Mrs. C. C. Auge and daughter, Hazel Bunnell, of Long Beach, are spending two weeks in the Reynolds cottage on Audubon Way.

On Tuesday evening Mr. and Mrs. Hartvig B. Henry of South Pasadena, Mr. and Mrs. E. Halstrum and family of Los Angeles and Theodore Halstrum celebrated an early Thanksgiving with a turkey dinner at the home of their parents, Mr. and Mrs. L. Halstrum, at the family home on Woodland Drive.

Mr. and Mrs. J. R. Thompson spent Thanksgiving Day in Anaheim, guests of James Riley.

Robert Cox spent Thanksgiving with his parents, Mr. and Mrs. Frank E. Cox. He plans to remain for a few day's visit.

Mrs. Ella A. Cadmus had as her guests at dinner on Thursday Mr. and Mrs. Clarence L. Virgin of Pasadena and William A. Thomas.

Mrs. Elizabeth Stratman and Mrs. Anna Madden and children of Hermosa Beach were Thanksgiving Day guests of Miss Martha Reynolds at her home on Audubon Way.

Dale Straw plans to leave by airplane on Friday for a three or four day trip into Old Mexico. He will fly from Los Angeles to San Diego, pass the U. S. customs there and then proceed to Ensenada where he will transact business for his company before returning home.

## Women today are making these personal CHRISTMAS GIFTS ... Making gift articles glow with the colors of NITROKOTE

Can you think of a nicer gift than a well-designed piece of occasional furniture (tilt-top table, magazine rack, smoking-stand, etc.) finished, by your own hands, in one of the lovely colors of Nitrokote Brushing Lacquer? If it's to be just a minor gift—the merest remembrance—you can do wonders with small household articles that cost almost nothing. Women are doing it this year—they find it surprisingly simple and economical and the gifts themselves are doubly welcome for their beauty of color and the personal touch you have given them!

You can now conveniently get unfinished articles of good design and construction. They cost little. Nitrokote\* costs little. And the Fuller booklet which tells and shows how to decorate finished and unfinished pieces, is free!

This Fuller Booklet tells you how

Ask your Fuller dealer or Fuller store, listed below for this booklet by Zena Dare, the Fuller authority on home decoration and color. It tells how to finish furniture and gift articles; and it suggests and illustrates in full color

many pleasing color combinations... Tune in to the "Woman's Magazine of the Air," National Broadcasting network and KSL every Wednesday morning for suggestions for making these modern, colorful gifts.

#### A TRUE INCIDENT

THE power of advertising sometimes pro-  
duces strange results.

A local business man, looking through a  
popular magazine, found the advertising  
pages, as usual, the most interesting read-  
ing. His attention was drawn to a small  
ad telling of a handy article which appealed  
to him. He sat right down and wrote an  
order for the thing and sent it off on the  
morning mail.

Next day this same business man was in  
a neighboring store, only about three jumps  
from his own. On the shelf he saw the  
same article he had just ordered by mail.  
Yes, the label bore the name of the manu-  
facturer to whom he had sent the two-and-  
a-half. Same thing, without a doubt. The  
price was \$2.25, the manufacturer having  
added a little to make a "post-paid" price.

So here he was, with the article he want-  
ed within his reach at a saving over the  
out-of-town price, and he was facing the  
prospect of waiting a week or two for his  
higher-priced one. In the mean time he  
did some figuring as to the why of things.  
In the first place, advertising made the  
sale. In the ad that did the trick a picture  
was used. Pictures not only describe the  
article advertised, but they attract atten-  
tion to the ad.

The business man admitted he should  
have made himself more familiar with what  
was available in his home town stores. At  
the same time, he felt the merchant who  
lost that sale was partly to blame for not  
advertising the article and making a better  
display of it.

And therein, he felt, was the solution of  
the problem of developing home trade, for  
merchants and customers:

1. Good merchandise, well displayed.
2. Advertising tied up with merchandise display.
3. The will to buy everything possible at home.

All three are essential. None is difficult.  
The results will benefit everybody.

#### GET THE JUMP ON NEW YEARS

NOW is the time to beat the calendar to  
it. Don't wait for New Year's to begin  
making good resolutions. Just advance the  
calendar a month and resolve to do every  
possible bit of Christmas shopping in  
Sierra Madre.

In spite of the prevalence of summer  
weather, the holiday season is here and the  
first thing we know we will be right in the  
middle of the holiday rush. You can save  
yourself a lot of time, you can often save  
real money, and you can help promote home  
town Christmas prosperity by doing your  
holiday buying in Sierra Madre. Then  
Christmas will be happier for everyone.

#### LIGHT UP

PROLONG Christmas from early Decem-  
ber until Nineteen Twenty-nine is well  
launched. Join the outdoor Christmas tree  
movement. Past adventures in illuminated  
Christmas tree decoration have shown the  
hue and beauty which can be achieved. One  
illuminated tree has been known to bring  
sightseers for many miles. A community  
which can make a showing with many of  
them will contribute to the Christmas spirit  
of all Southern California. For thousands  
of people will be making the rounds this  
year to see these trees which are gaining  
in popular favor. Light and color—how  
much of the real happiness of life is bound  
up in those two. Let Sierra Madre people  
do their share at homes and stores, to scat-  
ter light and color from outdoor trees.

#### TRUTH ABOUT CALIFORNIA

(Claremont Courier)

LOS ANGELES daily was discussing  
banning radio announcements of frost  
warnings for citrus orchardists this winter  
on account of unfavorable publicity reach-  
ing the east. The fact that mercury occa-  
sionally drops below 30 a few hours of the  
night will occasion no alarm in the east,  
nor discourage tourists.

But—almost in the same issue—follow-  
ing a delightful and beneficial rain, appear-  
ed the following headlines in the same  
daily:

"Mud and Muck Cover Streets and Lawns  
Deeply;" "Raging Deluge Causes Great  
Damage in Burbank and Many Los Angeles  
Areas Flooded."

The stories under the headlines were very  
tame. The writer of the heads was the  
only one alarmed.

If our daily newspapers didn't jazz up our  
news with scary heads there would be much  
less unfavorable publicity.

Truth about California doesn't hurt.

#### THANKSGIVING JOYS

(Puente Journal)

MANY are the joys of Thanksgiving,  
that nation-wide day of feasting, but  
many are the forces in the big cities that  
are militating against these joys. Time was  
when from one end of the country to the  
other every family—with but few excep-  
tions—enjoyed a hearty Thanksgiving din-  
ner with all the "fixings" at home, and in  
the excitement attendant to the event  
arose a deep sense of family affection and  
solidarity. Thanksgiving was a day for the  
family and the home.

In the small towns and rural districts, it  
is still a day for the family and the home;  
but our city neighbors are not so fortunate.

Crowded into tiny apartments, how can  
they know the real joys of Thanksgiving.

"It is a trifle difficult to wax sentimental  
about Apartment B, 8th floor, as the old  
homestead," writes Walter Pritchard Ea-  
ton. "Besides, the kitchen isn't big enough  
to cook an 18-pound turkey, let alone four  
mince pies, two pumpkin pies and a pud-  
ding. Anyhow, the cook never heard of  
mince pies."

Sentiment in favor of a general tree  
planting campaign for Sierra Madre is ex-  
pressed on all sides. The city planning  
commission made a wise beginning a couple  
of years ago in providing for the propaga-  
tion of small trees in the city park. They  
are now ready for the follow-up. Thou-  
sands of the trees are ready for street  
planting. Many citizens appear to be in  
the mood for a concerted tree planting program  
during the winter season. There is no rea-  
son why any street in Sierra Madre should  
be without its lines of growing trees by  
next spring.

Ballots have been sent out for the cham-  
ber of commerce annual election. Members  
should study them carefully, mark them  
and send them in. A full vote would be  
encouraging to any set of officers nominated  
at the primary and elected in the finals.  
No board would want to be elected by a  
handful of votes. There is a solution to  
this chamber of commerce problem some-  
where. The key to it will be a show of  
interest on the part of members.

Central Avenue must go through. There  
are whispers of opposition to the opening  
and improvement. Whatever opposition  
exists is so slight that it may be disregarded.  
The only difficulty seems to be in  
agreement on details. Did you ever see a  
case where so many people wanted sub-  
stantially the same thing and had so much  
difficulty getting together?

One of the problems of representation in  
the tournament of roses is solved with the  
appropriation of funds by the council for  
float expenses. The burden will be borne  
by the entire city, which is right. The job  
will require the cooperation of a great many  
willing workers. With the burden of col-  
lecting funds out of the way, there is added  
incentive to throw the maximum of energy  
into the design and execution of a credit-  
able entry.

Aviator George Storck has started on a  
flight around the world. Storck and Byrd  
are showing the way to the other fowls of  
the air.—Nashville Southern Lumberman.

## Reservations

By J. R. E.

The super-optimists in our  
midst who have been hoping for  
a junior high school in Sierra  
Madre will find keen disappoint-  
ment in a recent ruling of the  
California Court of Appeals which  
denied the Newport Harbor high  
school district to withdraw from  
Santa Ana high school district.  
The hearing hinged upon the con-  
tention that the present law does  
not include any provision for  
withdrawal from a city high  
school district, though there can  
be withdrawal from a union high  
school district. The petitioners  
contended that the law was broad  
enough to cover city high school  
districts as well as union districts,  
but the appellate court ruled  
otherwise.

In consequence, any community  
that wishes to withdraw from a  
high school district will be forced  
to wait until a new law is passed  
covering the question.

This will serve to restore calm  
and quiet to a few of our citizens  
who feared that the advent of a  
junior high school in Sierra Madre  
would bring such an influx of new  
residents that the peace and quiet  
of the community would be for-  
ever violated.

However the aforesaid ruling  
should not put an end to school  
progress in Sierra Madre. The  
suggestion that the Yerxa tract be  
secured for school purposes seems  
to find favor, and there is no  
question but that the city needs a  
new school building.

In the meantime, the Woodrow  
Wilson school is gaining new stu-  
dents regularly and before long  
will be overcrowded. Then will  
be the proper time for Sierra  
Madre to demand a junior high  
school within our incorporated  
borders. And if that thought is  
borne in mind, it should be a  
matter of only a few years until  
our needs are cared for.

A news report says 2000 per-  
sons visited the gambling ship  
anchored off the coast, Sunday.  
The statistics will be neither com-  
plete nor interesting until they

state how much money the 2000  
persons brought back to shore.

Just try to make any one of

The funny thing about the  
farm relief talk is that it persists  
so long after election. There's a  
dark gen'lem'n somewhere in the  
wood pile.

The proper thing to do with the  
suggestion for a highly-illuminat-  
ed Christmas season is to make  
light of it.

### Comrades Club Plans Mountain Frolic Dec. 8th

The Comrades Club of the Congregational Church met Tuesday night for the purpose of mapping out a program of activities for the rest of the year. The first event will be a mountain hike and wiener roast, to which members and friends of the club are invited. This will take place Saturday night, December 8, at a place to be announced. Charles Hull is president of the organization.

Mr. and Mrs. W. S. O'Brien who have been residing the past few months at 141 Esperanza, moved this week to Corona where they will make their home. They have exchanged their property here to E. S. Boucher of San Bernardino.

The next in the regular series of card parties at St. Rita's Hall will be held Tuesday night, December 4. The usual fine lot of door and table prizes will be given out.

Mrs. Waverley E. Pratt was among the guests at a formal naval banquet given last Friday night at the Hotel Virginia, Long Beach, in honor of Admiral William V. Pratt who is in command of the United States battle fleet. Many naval officers of high rank were in attendance, their uniforms making a brilliant picture with a setting of countless American flags.

George Halpin and Fred C. Hermann drove to San Jacinto on Monday where Mr. Hermann remained for a stay at Gilman Hot Springs.

R. G. McLellan spent Tuesday visiting Sierra Madre friends. He returned from the east about a month ago and has been enjoying the life of a tourist and man of leisure in Los Angeles since that time.

Plans for an airport at San Jacinto have culminated in the selection of a site one and a half miles south of the city. Practically all of the business men of the city are interested in the project.

Political radio-casting during the recent campaign cost \$1,250,000.

It is a good idea to flush and clean the radiator at least every 60 days. Do not stop flushing until all of the rusty water is gone and when it is found that a scale has formed inside of the radiator and water jackets, use washing or baking soda which cuts the scale and rust and also stops any small leaks.

## Barrymore In Thrilling Story At the Wistaria

"Tempest," the John Barrymore screen masterpiece that New York acclaimed during a long run at \$2 prices, will bring America's most distinguished actor to the Wistaria Theatre Sunday and Monday, in a romance of Russia's revolution.

For Tuesday and Wednesday Manager Meyer has provided a big double bill. This includes "The First Kiss," starring Fay Wray and Gary Cooper in the popular magazine story. Ranger, the celebrated dog, stars in the other feature, "Dog Law." This is a roaring melodrama of the north woods.

Sir Harry Lauder appears next Thursday night only in "Huntingtower." This dramatic screen story is full of interest and gives the famous Scotchman a fine chance to show his personality.

## News Notes from Here and There

Mayor Dighton of Riverside has been indicted on the criminal charge of libeling H. W. Pierson, Riverside city auditor. The mayor was also accused by the grand jury in a civil action of wilful misconduct in office.

The San Jacinto Volunteer Firemen recently presented the hilarious comedy "Thirty Days," to theatre-goers in that city. The firemen present a play annually as a means of aiding the company funds.

In China it is not possible for a woman to secure a divorce from her husband. A man can divorce his wife for any of nine causes. If a wife has mourned her husband's parents for three years, or if the husband was poor at the time of marriage and has since grown rich, the husband may not divorce his wife except in case of infidelity.

Arcadia is planning its annual Christmas tree festival. Many presents for the children of the city have already been purchased and a large number of dolls are being dressed by ladies of the city. A short program will be given just before the gifts are distributed.

The so-called shopping news or guide which is afflicting householders in many cities in Southern California holds no further terrors for residents of Arcadia. The Arcadia council which frowns upon the distribution of all kinds of dodgers and hand bills, has refused permission to printers of "shopping" publications to distribute their wares in the city limits. The action followed complaints against the practice by residents in all parts of the city.

### TIPS TO MOTORISTS

If it is found necessary to drive through sand, deflate the tires and traction will be better.

Have your spring shackles and clips checked occasionally and tightened if necessary, and have worn shackle bolts and bushings replaced.

Examine your fan belt frequently and replace it if it is badly worn or stretched. Since a belt sometimes is cut or snapped, it is advisable to carry a spare one.

Don't short the ignition by driving fast through water. Many motorists do not think of this until the water has been splashed through the radiator on the motor.

It is advisable to always carry extra bulbs for headlights and taillight and an extra fuse when driving, and on long trips an extra generator brush often comes in handy.

Motor valves seldom wear out. Burning or warping because of improper adjustments is the most frequent cause for replacement.

Use your choke, but know how. In starting a cold engine it is better to use the full choke for a short period rather than a partial choke for a longer period. This saves your battery and permits a quicker start.

Squeaking brakes do not always mean that the lining has a hard or worn spot. But have them inspected by a capable mechanic for sometimes the lining rivets are exposed beyond the surface of the lining which will cause scoring of brake drums and means short life to the lining and added expense.

## Church News

### Congregational Church

Rev. Arthur O. Pritchard, Pastor. Converts Tycross, Superintendent. Mrs. Myrtle Hill, Pianist. Gustav Rihard, orchestra leader.

Next Sunday morning at 11:00 o'clock Mr. Pritchard will speak on "The Gospel of John." He will point out the story of its origin, purpose, and place among the biographies of Jesus. It has been called the "greatest religious book ever written." What does that mean? This will be the second sermon on The Gospels.

Next Sunday evening at 7:30 o'clock the choir will give the program of Schubert music prepared in honor of him, and Mr. Pritchard will speak of his life and work.

On Wednesday evening at 7:30 Mrs. D. Taylor will give a review of L. P. Jack's book "Constructive Citizenship."

## Trees Being Planted on Highways

### Beautification Program Gets Good Start in Some Sections

Highway beautification is getting a good start in some sections, according to reports reaching the Automobile Club of Southern California. During the last fiscal year, nearly 8000 trees were planted by the county forestry division along the major highways and residential streets in Los Angeles county. This number exceeded by four times the total trees planted by the forestry division during the previous fiscal year.

In this connection, it is reported that permits were issued by the forestry division during the last fiscal year for the planting of more than 4000 trees by private parties along the county highways.

During the same period, it was necessary to remove 4500 trees due primarily to the necessary street widening and curb alteration. This makes the net gain for the year, excluding state highways, about 8000 trees. This gain is taken to indicate that the economic, health and landscape value of shade trees along the lines of travel is being appreciated by the citizens generally.

### Tips to Motorists

Worn piston pins and bushings are a frequent cause of knocks.

A generator is not driven at full speed when the driving belt becomes old and loose.

After a new oil pump has been installed on your car it is necessary to prime the pump. Remove the connection to the pressure indicator and squirt the contents of an oiling can into the pump.

Coating tire rims with aluminum paint prevents rust. Scales of rust act like sandpaper on the inner tube and result in premature blowouts.

Spare tires should be cleaned before storing. They should be deflated, then wrapped in paper or cloth and placed in a cool, dry place away from heat and sunlight.

Backlash in universal joints frequently causes the stripping of ring and pinion gears. Inexpensive replacement of bushings will usually remove backlash.

Keep your tools where they belong, neatly packed in a kit. If you put small tools in the pocket of the car, they not only are hard to find, but have a tendency to wear through the pocket.

If you are the one being towed it is a good practice to keep your foot lightly on the brake all the while. In this way you will be ready for emergencies and can keep the rope taut.

The spare tire pressure should be tested regularly as well as the ones you are using. Slow punctures and leaky valves sometimes let the air out and the spare tire will fail you in your hour of greatest need.

### TEACHING NUTRITION

"I'm up to weight. I don't have to be in a nutrition class!" are exclamations from children unaware that "up to weight" is not always a sign of good nutrition.

All children must eat to grow. Some under-par children need immediate help from the school and home to restore them to health. All children, under-nourished or not, need regular helpful lessons on the food they should eat for health and growth.

The aim of teaching nutrition in the elementary schools is not primarily to add pounds to the children's weight. Growing is essential, and it will come under proper conditions. The far-reaching aim is to help children to be intelligent and interested in the food they eat and place it has in the growing of healthy bodies.

A first-grade child who tells his mother he must drink milk for lime in his teeth, eat spinach for iron in his blood and have celery for "cellulose" is learning a lesson as fundamental to his education as the multiplication table.

Both boys and girls by the time they finish their elementary school work should know enough about food values and their costs to enable them to intelligently select good food combinations when necessary, as, for instance, at the school cafeteria. They should know enough about nutrition and its relation to their health to understand that dietary results work slowly, yet are doing something to the body day by day.

"I do not need to drink milk" could not be intelligently and honestly said by a child who had taken the nutrition course.

## Rose Parade Will Follow Old Routing

Entries Indicate That Parade Will Equal Any of Former Years

Pasadena's fortieth annual Tournament of Roses parade next New Year's Day will traverse the same route that it has followed, with slight deviations, for the last 25 years. A decision to this effect has been reached by directors of the tournament association following consideration of several other suggested routes.

As in the past, the parade will form on South Orange Grove Avenue, Pasadena's so-called mile of millionaire's homes. It will start to move promptly at 10:30 a. m., proceeding east on Colorado Street to Hill, north on Hill to East Orange Grove and west on Orange Grove to the disbandment area between Lake and Los Robles. The route to be traversed is approximately five miles long. It is precisely the same route that tournament parades have followed since the Rose Bowl was built in 1922 and the same general route that has been used for the last quarter of a century.

Early entries indicate that the 1929 tournament will be just as large and resplendent as any of its predecessors, according to Harlan W. Hall, secretary-manager of the tournament association. A score of entries already have been received from cities throughout Southern California, but the bulk of them will not arrive until around the first of December.

## Churches

### Church of the Ascension

Rector, the Rev. L. C. B. Hill. Residence telephone, Red. 19. Office in Parish House, Green 162. Sunday, Dec. 2, Advent Sunday: Holy Communion, 7:30 a. m. Church School, 9:30 a. m. Choral Eucharist, 11, with sermon. Evensong with address, 7:30. Wednesday, Thursday and Friday, the Holy Eucharist at 7:30 a. m. On Thursdays, a second Eucharist at 10, especially for healing. Names of the sick may be handed to the rector before any service. Friday is to be observed as a day of abstinence. The Woman's Guild meets Friday at 2:30 in the Parish House. The time of the Advent, or coming of our Lord into the world, is hallowed in the Church in token of His coming in human nature, of His coming in heart and conscience, and at death, and at final judgment. So that we are bidden to especial devotion and works of special charity these four weeks before Christmas. It is well said in the newly authorized antiphon before the Venite: "Our King and Saviour draweth nigh; O, come let us adore Him." Advent Sunday, December 2, is also the annual Corporate Com-
